

You.

f enduring strength and peace of mind.

A HIGH-TECHNOLOGY MATERIAL EASILY SHAPED TO MEET ANY CONFIGURATION.

CERAMIC COMPOSITE BODY ARMOURING IS INTEGRATED INTO ALL VERTICAL SURFACES SURROUNDING PASSENGER CABIN.

ONCE COMPLETED, THE SECURITY ENHANCEMENTS ARE INDISTINGUISHABLE.

All planning and consultation work is treated with the utmost discretion and in the strictest confidence.

Each aspect of security enhancement is designed and integrated in such a way as to make it virtually undetectable.

#### HIGH-TECHNOLOGY SECURITY.

*EACH facet of the* security process is the culmination of extensive research and development. For defeat of 'smash and grab' threats and parked car crime, special side glazing is fitted, formed from a composite of glass with a high-technology polycarbonate backing.

A significant safety feature of this material is that it can be broken outwards by occupants if necessary.

#### RESOLUTE AND EFFECTIVE.

*FOR greater levels of* security, all window apertures can be fitted with either 18mm or 25mm polycarbonate reinforced glass; an extremely strong material.

In addition, leading-edge technology in the form of ceramic composite opaque armouring is applied to all vertical body surfaces surrounding the passenger cabin. And, because all security enhancements are integrated smoothly into the construction process, owners have the reassurance that the integrity of the styling, craftsmanship and precision are not compromised.

*THE creation of a ROLLS-ROYCE OR BENTLEY MOTOR CAR IS A*  
UNIQUE OCCASION; EACH REPRESENTING THE PINNACLE OF MOTORING  
ACHIEVEMENT. YET EVEN THIS CELEBRATION OF ENGINEERING  
DISTINCTION AND TIME-HONOURED CRAFTSMANSHIP IS INCOMPLETE  
WITHOUT THE MOST IMPORTANT ELEMENT.

THE PEOPLE WHO WILL SHARE ITS PLEASURES.

PERSONAL SECURITY FOR YOU AND YOUR PASSENGERS IS A  
PRINCIPLE THAT SHOULD NEVER BE UNDERSTATED.

UTILISING THE ENGINEERING AND CRAFTSMANSHIP SKILLS OF  
MULLINER PARK WARD, THE SPECIALIST COACH BUILDING DIVISION OF  
ROLLS-ROYCE AND BENTLEY MOTOR CARS, THE UTMOST DISCRETION IS  
APPLIED TO CREATE A MOTOR CAR THAT IS BUILT TO MEET YOUR SPECIFIC  
PERSONAL SECURITY REQUIREMENTS.

AND THE RESULT?

THE VERY ESSENCE OF STYLE, STRENGTH AND ENDURANCE.

In every Rolls-Royce  
and Bentley motor car  
there is one component we value  
more than any other.

# Rolls-Royce and Bentley, the embodiment of

*FEW names evoke* images of success or achievement as do Rolls-Royce or Bentley.

And for owners, the protection of these values has gained much significance during recent times.

Now owners' personal security requirements can be integrated into the design and build process of a Rolls-Royce or Bentley Motor Car.

This unique and personalised capability can provide precious reassurance and peace of mind amidst the stresses of modern life.

PERSONAL SECURITY;

AN IMPORTANT ASPECT OF INDIVIDUALITY.

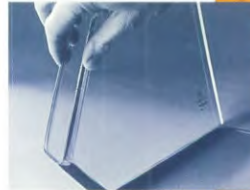

*THE vision of* individuality is the ideal, that sets both the Rolls-Royce and Bentley marques apart.

Similarly, owners' personal security requirements should be a natural extension of individuality.

Each commission is tailored to the unique specification of the owner.

USING DISCRETION AS A MORE INTELLIGENT  
FORM OF VALOUR.

*THIS discreet form* of modification maintains the integrity of the motor car by not attracting undue attention.
