

An International Economy Car...

...with comfort and performance combined in advanced styling

DAIHATSU
CUORE
5-DOOR

(E) Side protection mouldings, rear mudguards, sunvisor of passenger seat, full-fabric seats and rear-window defogger are optional.

The Daihatsu Cuore is equipped with a 617 cc displacement engine developed in an effort to lower fuel consumption and increase performance.

The Cuore provides easy handling and excellent maneuverability not only for in-town driving but also on expressways.

The Daihatsu Cuore is a high performance international economy car.

An advanced body style

When you first sit in the driver's seat of the Cuore, you'll be surprised at the roominess and wide visibility you wouldn't imagine at first look from outside of the Cuore. The large interior and the short front end are possible thanks to the long wheelbase comparing with its overall length and the FF transverse engine system. Moreover, the interior height of the body is much enough to enable you to enjoy driving unrestricted, comfortable.

Functional dashboard

To begin with large, easy-to-read meters and warning lamps and including such equipment as effective multi-use levers and a pleasant center ventilator, Cuore's dashboard is truly simple and functionally compact.

Wide, versatile luggage space

Inside of the smooth operating glass hatchback door is a wide luggage space, and folding down the passenger seats makes several arrangements possible for the luggage space, suitable for leisure or business. Optional split fold-down rear seatbacks (full-fabric) make more versatile accommodation.

Aluminum disc wheel
(Optional except for England and West Germany)

Give the exterior of the Cuore a smart, sporty appearance.

An automatic clutch to make driving easier (optional)

A 2-pedal, automatic clutch system which requires no clutch pedal operation for easy, Pleasurable driving.
