## Roadside Lamp/Torch Warning Triangle

### HIGH MOUNTED STOP LAMP

Additional brake light making your vehicle more visible to other motorists.

High Mounted Stop Lamp XFN 100160

High Mounted Stop Lamp

### ROADSIDE LAMP/TORCH

A versatile roadside lamp with stand and a flashing amber light. Offers a self-test facility and a high density white torch light. Essential equipment for night-time motoring. Requires 5 R20 1.5V batteries.

Roadside Lamp/Torch VUT 100010

### WARNING TRIANGLE

A reflective warning triangle which every driver should possess in the event of a motoring emergency. Available in a rectangular storage box which can be strapped into the boot.

Warning Triangle KCC 100030

### FIRE EXTINGUISHER KIT

(ROVER BRANDED)  
Fitted to the inside of the front passenger door sill. Supplied with fitting kit.

1.36kg – dry powder.  
Fire Extinguisher

KDB 10001

### RECHARGEABLE TORCH

Small rechargeable torch which locates in the glove compartment – handy for reading maps etc, at night. Recharges in situ with the engine running.

Rechargeable Torch VUB 100200

### \*ZERO\* EXTERIOR TEMPERATURE WARNING INDICATOR

This new product is designed to

monitor slight external temperature changes which are not apparent from within your vehicle. The temperature information is immediately displayed on a stylish red/green LED mounted on the fascia.

Green +5°C – Safe driving conditions

Red/Green +2°C – Caution

Red 0°C – Danger

Although no substitute for careful driving and good observation, the additional sensory information provided by \*Zero\* should be used to complement your driving skills. Used extensively by Essex Police.

### SNOW CHAINS

Easy to fit snow chains specifically designed by Rover.

Snow Chains\* VUJ 10002

\*For tyre sizes 175/65x14 and 185/60x14 only.

### ULTRASONIC PARKING AID

An essential aid to enable easier parking and prevention of accidents. Two sensors are discreetly fitted into the rear bumper which send out ultrasonic waves to calculate the distance between the bumper of the car and the closest object. When reversing, the parking aid emits a high pitched bleep within the car which increases in frequency on approach to the object. In addition there is an LED display panel for the hard of hearing located inside the car above the rear window which also indicates proximity.

Green — 3 metres away

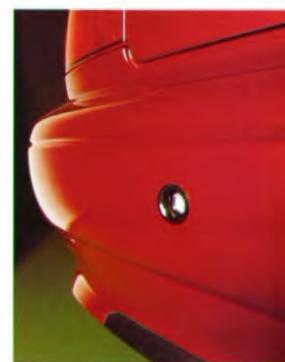

Amber — 1.75 metres away

Red — 0.75 metres away

## AUDIO

TO MAKE YOUR JOURNEY  
EVEN MORE  
PLEASURABLE, ROVER  
UNDERSTAND THE  
IMPORTANCE OF HAVING  
A HIGH QUALITY IN-CAR  
ENTERTAINMENT  
SYSTEM. THE ROVER AUDIO  
RANGE OFFERS A NUMBER  
OF ACCESSORIES INCLUDING  
A CD COMPATIBLE  
RADIO/CASSETTE AND  
6 DISC AUTOCHANGER  
ENABLING YOU TO ENJOY  
UP TO 6 HOURS  
CONTINUOUS PLAY  
WHEREVER YOU ARE.

### 6 DISC AUTOCHANGER + RDS HEAD UNIT

This CD compatible kit should be used where a Rover R760 radio/cassette has been fitted as standard. The kit comprises a Rover CD compatible R860 radio/cassette with the RDS-EON feature and a 6 Disc Autochanger which is fitted under the front passenger seat. The Autochanger can hold up to 6 Discs at a time for non-stop continuous play. The kit should be fitted with the installation kit and RDS Data Cable.

6 Disc Autochanger + RDS Head Unit	VUD 100190
Installation Kit	VUD 100220
Data Cable (RDS)	AMR 4831

### 6 DISC AUTOCHANGER

This 6 Disc Autochanger should be used where a Rover R860 CD compatible radio/cassette has been fitted as standard. The kit contains an Autochanger which is fitted under the front passenger seat and can hold up to 6 Discs at a time for non-stop continuous play.

The kit should be fitted with the installation kit and RDS Data Cable.	
6 Disc Autochanger	VUW 100010
Installation Kit	VUD 100220
Data Cable (RDS)	AMR 4831

### Rover R860 RDS Head Unit • FM/LW/MW Channels • CD Compatible

- CD Controls • Security Coded • Remote Display
- Power Output of 4x15 Watts (4 speakers) • 30 Presets
- Radio Data System (RDS-EON) • Illuminated Controls
- Auto Reverse • Dolby System • Bass Control • Treble Control
- Fader Control • Balance Control • Chrome/Metal Tape Selector
- Auto Store • Audio Mute

### Autochanger • 6 Disc Capacity • 'Hardwire' Link • Track Search Function

- Random Track Play • Track Scan • Play/Pause Function

### RDS-EON

The Rover R860 CD compatible radio/cassette which is used for CD upgrades includes the feature RDS-EON.

This feature performs three important functions:

1. The radio will automatically display the name of the station being listened to.
2. The radio will automatically re-tune to receive the strongest signal for the nominated station as the car moves up and down the country.
3. Local traffic information will automatically be received and transmitted by interrupting a tape, CD or radio transmission.

RDS = Radio Data System

EON = Enhanced Other Networks

CD Storage

Cassette Storage

### CASSETTE AND CD STORAGE

Easy to fit Cassette or CD storage unit which fits into the centre console of the Rover 400. The units can hold up to 4 cassettes or CDs which are easily accessible by a touch of a button.

Cassette Storage	FJY 100110
CD Storage	FJY 100140
